

## We want to hear from you!

We would like to ask you some questions about your expectations and experience of Ashville Surgery. It's a quick survey and the information we collect will help us to develop and shape our services.

### About Ashville Surgery:

Ashville Surgery provides care to 11,500 patients within Hammersmith & Fulham. We are part of South Fulham Primary Care Network (SF PCN), a network of 7 GP practices in the south of the borough. SF PCN offers a range of services and shared staff.

### We will ask you about the following:

1. Experience of contacting the surgery
2. Expectation of time to deal with needs
3. Satisfaction of intervention offered

Scan the QR or use the following link to complete the survey and let us hear your voice!
